PROFILE

Motivated and adaptable web developer with expertise in the MERN stack (MongoDB, Express.js, React.js, Node.js). Adept at building user-focused, scalable web applications and crafting seamless, efficient user experiences. Demonstrates a strong commitment to continuous learning and improvement in technical skills. Enthusiastically seeking opportunities to contribute to innovative projects and drive success.

EDUCATION

Guru Gobind Singh Indraprastha University, <i>Master of Computer Applications</i>	Aug 2023 – Jun 2025 Delhi, India
Indira Gandhi National Open University, <i>Bachelor of Computer Applications</i>	Aug 2019 – Dec 2022 Delhi, India
Central Board of Secondary Education, <i>Higher Secondary School Certificate</i>	Apr 2017 – May 2019 Delhi, India

PROJECTS

ZyloPlay <i>Next.js, JavaScript, Clerk, LiveKit</i>	Feb 2024 – May 2024
- Developed a live streaming app supporting real-time video and audio for small groups. - Integrated Clerk for user authentication to ensure secure access and privacy. - Used LiveKit for low-latency streaming, enhancing communication efficiency. - Designed a responsive, intuitive interface for smooth cross-device usage. - Focused on performance optimization to deliver a seamless user experience.	
CineView <i>React.js, TMDb API, JavaScript</i>	Oct 2023 – Nov 2023
- Built a movie browsing app with React.js, using TMDb API to fetch and display movie information. - Implemented a search feature, allowing users to quickly find and browse movie titles. - Focused on responsive design to ensure the app works smoothly across various devices and screen sizes. - Improved application performance by optimizing component rendering. - Conducted thorough testing to ensure robust functionality and a seamless, error-free user experience.
